## Description

The Arena 3.0 Pop-Up diorama has been selected for some arena action. Standing three feet tall, and six feet wide the Arena Pop-Up 3.0 has the roar of the crowd directly available for your action figures.

Featuring a new design with a crowd that's ready for action, this new Pop-Up has the bottom row as 3D row of fans that takes the action to the next level. And if that wasn't enough, the VIP box section you see in the arena is now 3D as well. Connect two of these together, and you have the ultimate arena fan experience for your action figure photo.
