Description

Build your own action figure with this amazing model kit from Kotobukiya! As seen in the 2019 anime, Ultraman is fully articulated with specially designed joints for maximum poseability and packed with detail.

Ultraman's forearm armor is included for the suit's normal state, Specium blade, and Specium beam! Plenty of interchangeable hands are also included for just about any situation, and his eyes, chest color timer, Specium blades and Ultra Slash are all made of translucent plastic. Ultraman is molded in color, so painting isn't necessary
