Description

This 1/60 scale model kit features of the new Arm Slave unit, the Gernsback, in Aggressor Squadron colors as seen in the anime "Full Metal Panic! Invisible Victory." Created by the same mechanical designer behind the Gundam Exia, Kanetake Ebikawa, the Gernsback showcases Bandai's model tech applied to non-Gundam robots giving it a wide range of motion.

The standard Arm Slave used by the Anti-Terrorist organization Mithril, it can be customized with a wide variety of military weapon configurations. This model kit includes a 76mm sniper rifle, GDC-B 40 mm Rifle, GRAW-2 Monomolecular Cutter (combat knife), and M1101 anti-tank dagger. The original weapon system created for the plastic model, the Graz Mannlicher AWS2000 is also included in an Assault Carbine configuration. All weapons between the Arm Slaves are compatible with each other.
