Description

Return to the fantasy-steampunk world of Darwinina in Mayfair Games' classic, *Iron Dragon!* After a century of ruin and chaos, the dwarves, elves, humans, orcs and trolls have begun to rebuild their world. To do this, they need to bring back the steam driven dragons of trade, they need the Iron Dragons.

Using the classic crayon rails mechanics, build tracks across this magical land to deliver goods and earn money. Iron Dragon also features random events that can trigger serious dilemmas, making your job more difficult.

Cross jungles, forge rivers and bribe the orcs of the underworld in this returning classic!
